To make up:

Front and Neck Edging:
With WS facing, insert hook in bottom of front. Work 1 round of equally spaced dc up the left front, around the neck and down the right front, making sure that the amount of dc made are divisible through 6 with 1 dc extra (to ensure that the next row of scallops work out). Turn so RS is now facing.

Next round:
1dc in first st, "sk 2 dc, 5tr in next dc, sk 2 dc, 1dc in next dc", rep from "-" all around to end of first dc row, ending the scallop row with a dc. The scallops should match up at the front of the bodice as they will double up as buttonholes. Fasten off.

Finish up:
Weave in all loose ends. Sew buttons in place. Weave ribbon through first row of skirt. Block garment to measurement, cover with a damp cloth or spray with water. Allow to dry.

In memory of a special baby-angel.
